

VERITAS FACT-FINDING SERIES – EPISODE 91
THURSDAY, May 5th - 11:00AM EST

BOB SEEMAN
Managing Partner - CyberCurb
Senior Advisor - Endeavor
Author, Attorney, Electrical Engineer & Entrepreneur

Dr. Bob Seeman is the Managing Partner of CyberCurb and advises business and government on the nexus between law, technology and innovative business.

He is the author of the book “The Coinmen”, the most comprehensive critique of bitcoin (on Amazon at <https://www.amazon.ca/dp/B09SL16P5Y>). Bob speaks at investor, cybersecurity, money-laundering, regulatory and prosecution conferences throughout the world.

Bob is a Senior Advisor at Endeavor which identifies and industrializes game changing technology for the US Government. He is also a co-founder of RIWI Corp., a global data analytics company, and has been a consultant to a cryptocurrency technology company.

He is a California attorney, electrical engineer and entrepreneur, was a Head of Strategy for Microsoft in London and a technical consultant to the European Commission.
