

VERITAS FACT-FINDING SERIES – MARCH 30th, 2021 –11:00AM EST

**John Zinati, BA, LLB
Real Estate Lawyer**

I went to the University of Toronto and graduated with a Philosophy degree and then went to Osgoode Hall Law School and obtained my Law degree. I was called to the bar in 1996. Rather than take a job on graduation I started my own firm right out of law school and immediately began practising in real estate. This was in 1996 and now I have been practising exclusively in real estate for about 25 years. During that time our firm has expanded with the market and we now have four lawyers and about 6 to 8 clerks with a focus almost exclusively on completing real estate transactions, including condominium purchases, home purchases, sales, refinances, acting for institutional and private lenders, and commercial and land purchases. During this time I have closed approximately 23,000 real estate transactions, happily, without a single title claim.
